

Remote Access Dial-up User Manual

REMOTE ACCESS DIALER INSTALLATION

The installation of this application is very simple, no configuration is required.

1. Make sure that the modem is installed and configured correctly.
2. Get a copy of the FMI Dialer CD from the helpdesk, or map a drive to the software library and go to the FMI Dialer directory.
3. Run **fmiras.exe** from this directory.
4. The following window will popup, select **Yes**.

5. The following window will popup, the defaults are fine, so just click **OK**.

6. This completes the installation of the Dialer.
